

OPERATION FEED BACK

For many people in Northern Nevada, the economic times have become difficult, and have left many without sufficient resources to meet their food needs. “Operation Feed Back” was started by Hands of Hope Food Bank 4 years ago to help alleviate this situation. The program is open to Veterans, Active Duty, Guard and Reserve plus their immediate families. Operation Feed Back provides exclusive support every Tuesday*

This is not a sit down meal, but an opportunity to help you provide for your family with bread, fresh fruit, fresh vegetables, dairy, protein (meat, cheese or eggs) and other food items. For most of the participants that come and participate, it is a major change from most food pantries where they are given canned food and dry goods and asked a lot of very personal questions to qualify.

Another unique aspect of Operation Feed Back is that funding for the program comes from all that participate with a Shared Maintenance Fee (SMF) of \$10 per family. The \$10 helps cover the operational costs. This program is definitely NOT another entitlement program supported by tax dollars. For those struggling with the SMF: we need volunteers and when you volunteer, you qualify for a reduced SMF fee.

***** ----- NEW -----*****

We now offer limited ‘by appointment’ food pickups on Tuesday afternoon (currently 3 to 5 PM). The same service and items as in the evening, but without the wait and outdoor line. Make an appointment on your next visit, or call our office (775) 284-8878 for available appointment times. Appointments may be made as early as one week prior to your visit, however, appointments are limited, and are given out on a first request basis.

Operation Feed Back

295 Gentry Way, Unit 20
Reno, NV 89502

775.284.8878 www.operationfeedback.us
